

LEADERSHIP TIPS FROM COACH O

WEEK OF MAY 24

YOU AND I MUST CHANGE OUR MENTALITY IF WE WANT TO BE AN OVER-COMER AND AN INNOVATOR.

This week's message will be direct and to the point. If you and I don't have the proper mindset as we move to the next stage of this season of crisis, we will not be over-comers or innovators. We will become depressed individuals or even worse...we will see ourselves as helpless victims.

I want you to watch a short video. I do not know the man speaking in the video personally, however I have coached many Navy SEAL leaders who have trained and or deployed with him and vouch for him as a man and operator. You can watch this short video here: youtube.com/watch?v=IdTMDpizis8

Why do some people see crises as opportunities? How do some people possess such strong faith and hope? Simple Answer: They choose to and they can find the evidence in their lives that they are an over-comer. Fear can cause a lack of confidence but remember, you are an over-comer, you may have just forgotten. Fear can cause us to forget past successes. Take a moment and make a short list of the things you've overcome in your life.

REMEMBER, HOPE IS EMPTY IF IT IS WITHOUT FAITH. FAITH IS THE SUBSTANCE OF HOPE.

This week I want to challenge you to say, "Good" to every negative thing that comes your way. I want you to change your thinking and mindset. Be the captain of your thoughts and choose to see every crisis as an opportunity. "You've been furloughed...good. Your city is still under shelter in place... good." You and I must see this season as an opportunity for us to be creative. Crisis can be the incubator for innovation if you attack it and see it as such. It's time to re-engage your mind and find your new way!

COACHING POINT

Rather than seeing a crisis, see an opportunity.
Rather than experiencing fear, choose to increase your faith.

Make it a "Good" Week!

Rod Olson or "Coach O" serves as a consultant for the Texas Rangers.

We are excited to share his valuable coaching with you. Coach O is known for his ability to help leaders and executive teams find their "sweet spot" as they lead and motivate others in the 21st century.
