POST PANDEMIC PLANNING - ADAPTING TO THE NEW NORMAL

PRESENTED BY  KONICA MINOLTA

Konica Minolta has evolved its existing virtual events series, "We've Got You All Covered," which was developed primarily as a pandemic response and remote work enablement series, into a new program for business planning and returning to work in a post COVID-19 world. The new series, "Post Pandemic Planning - Adapting to the Next Normal," helps businesses plan for reopening and offers solutions for what the "next normal" looks like for businesses moving into the future. POST PANDEMIC PLANNING - ADAPTING TO THE NEW NORMAL

PRESENTED BY  KONICA MINOLTA

## IN THE BALLPARK

Though we're not playing games, we still want to take a moment to honor those who are helping the community through two programs that are staples of the in-game experience at The K. Each Friday, we'll honor individuals on our social media channels until we can put them in the respective seats. We're also going to bring a little more of the ballpark experience to you at home with a weekly feature or two that are normally only shown on CrownVision.
