

**I'M GOING TO A BRAVES GAME!**

The Atlanta Braves play baseball at Truist Park in Atlanta, Georgia.

I will park in a parking deck or parking lot. I will then either walk or take a shuttle to the ballpark.

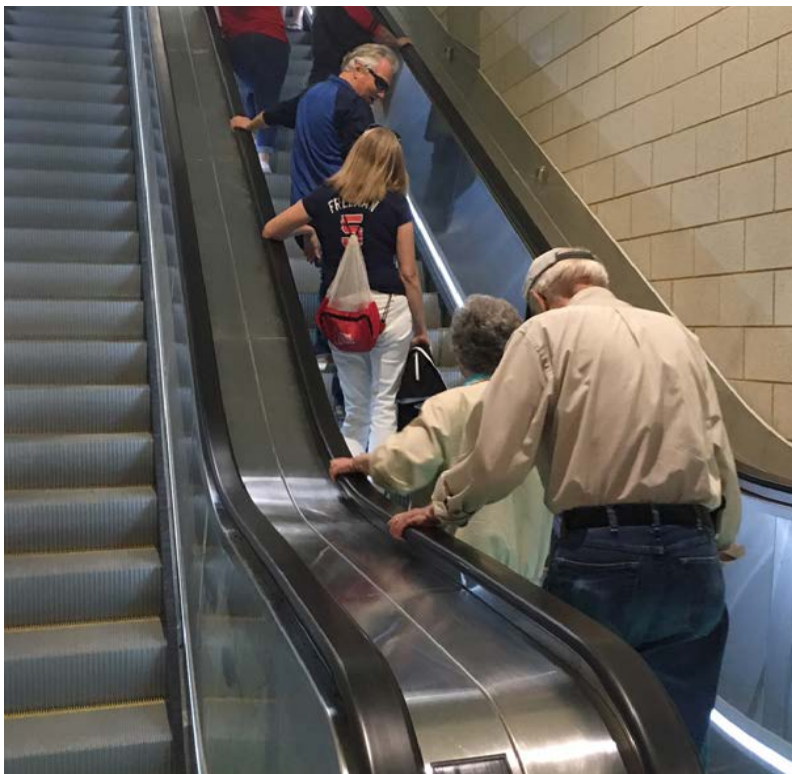

There will be a lot of sights, smells and sounds as I go towards the ballpark.

When I get to the ballpark, I will go to the gate and wait in line to get my ticket scanned and go through security.

The metal detectors are to keep me safe.

I will get to my seat using the escalator, elevator, stairs or a ramp.

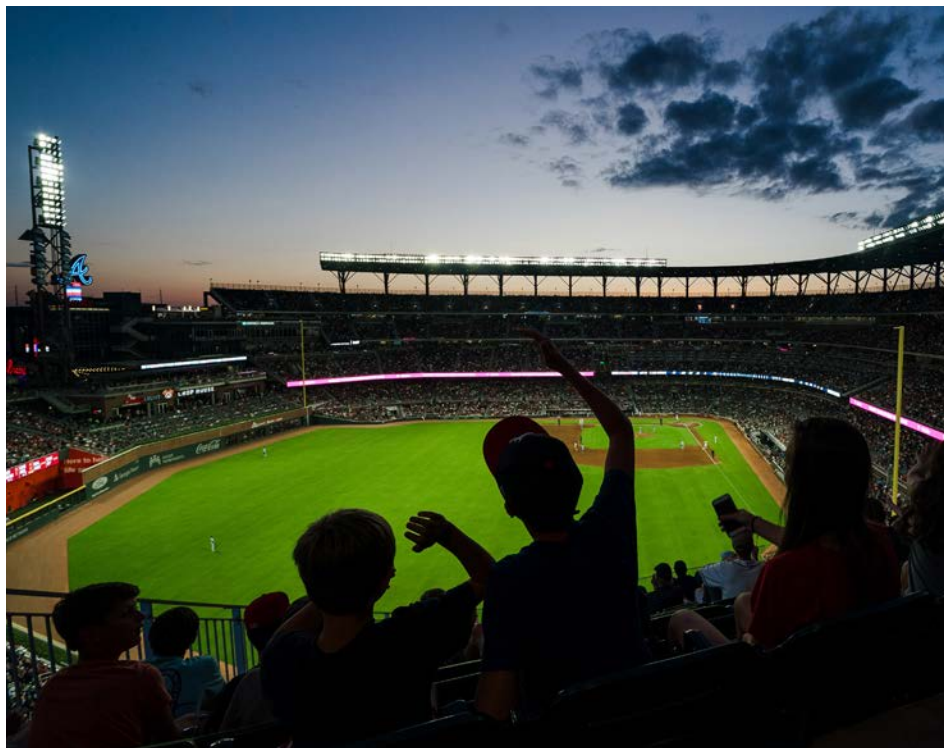

This is what my seat will look like.

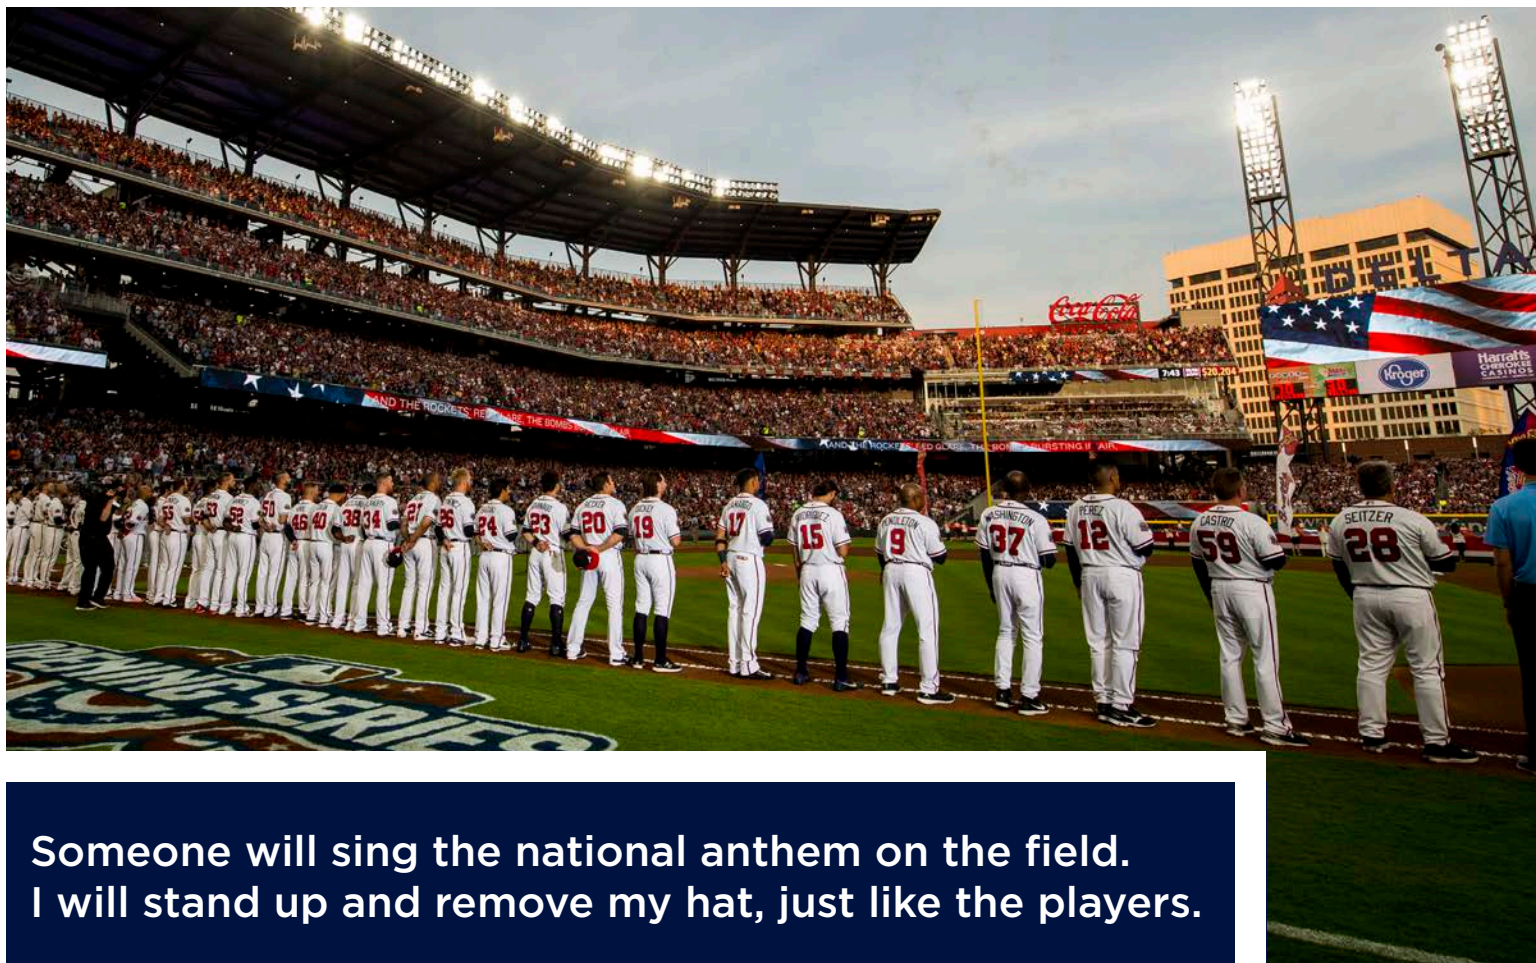

My usher will help me  
find my seat.  
The ushers are there  
to answer any  
questions I may have.

The ballpark will be full of lots of people  
cheering. It may get loud.

Someone will sing the national anthem on the field.  
I will stand up and remove my hat, just like the players.

The Braves will start to  
play baseball!

There will be music and a  
lot of cheering!

If I get hungry, I can get food from a concession stand. I may have to wait in line.

Someone may stand up in front of me to cheer.

I can stand up and cheer too!

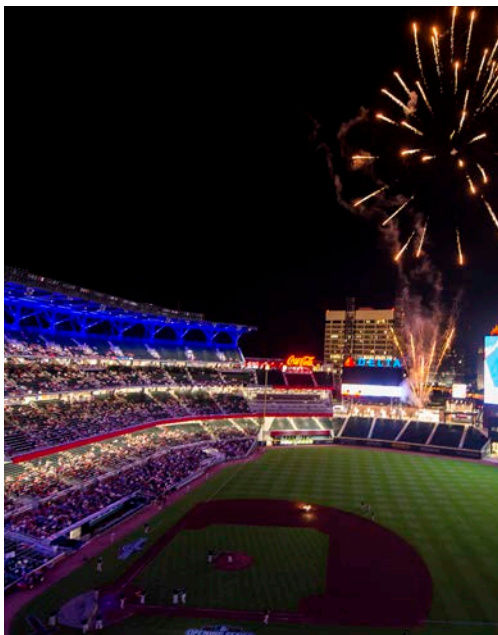

If one of the players hits a ball into the stands, everyone will try to catch it!

Whoever catches the ball gets to keep it!

If the Braves hit a home run, there might be loud fireworks!

I will see the Heavy Hitters drumline walking around the ballpark.

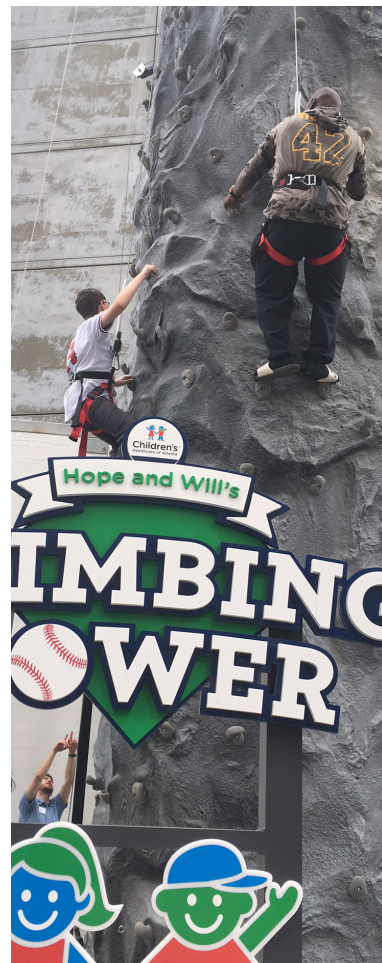

It's okay to cover my ears or wear headphones.

There will be fun activities during the game, like The Home Depot tool race and RaceTrac's Beat the Freeze!

I can go to Hope and Will's Sandlot, where there are carnival games, a zip line, a climbing wall and more.

When it is time to go home, I will exit through the gate I entered in and go back to the car.
