

The Georgia Dugout Club is proud to announce that the selection of the 2023 GADC All-State teams have been finalized. This year there were over 250 nominations sent in over the span of 3 months to our selection committee. Of those 250+ nominations 151 players had college commitments and 63 of those commitments were to colleges in Georgia. This year's selection committee's job was very difficult since the average player nominated had the following softball and academic statistics.

BAVG of .421
ERA of 2.57
GPA of 4.2
ACT of 24
SAT of 1125

The 2023 season has been a great year for softball in the state of Georgia and with the GADC partnering with the Atlanta Braves to host this great event at Truist Park this season is going to end in fantastic fashion. This year's nominees were some of the most talented players we have ever had to select from which not only says a lot about the work ethic and talent of those nominated but also about the State of Georgia softball. Congratulations to this year's nominees and even more praise to those players selected.
