

SCIENCE FAIR MAP

FIELD LEVEL (LEVEL 1)

CBS 58 READY WEATHER METEOROLOGISTS:

Meet your CBS 58 Ready Weather Meteorologist and give a weather forecast in front of the green screen!

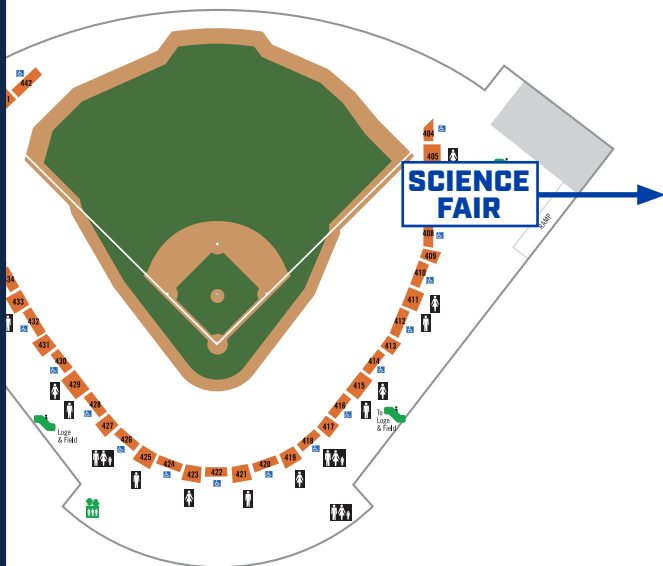

- Drew Burgoyne
- Sam Kuffel
- Michael Schlesinger
- Rebecca Schuld
- Justin Thompson-Gee

MILWAUKEE PUBLIC MUSEUM:

Discover the ultimate cause of Earth's weather – the Sun! Explore crazy temperatures and wild winds on other planets – like hot Venus, cold Mars and windy Neptune. See why living with a hot star is so cool! And don't forget to check out our rocket launch demo.

ACURITE: Ever wonder how to measure and predict the weather that you feel outside every day? Learn how to measure rain and wind to become an AcuRite Junior Weather Watcher so you can teach your parents about how weather impacts your home and everyday life!

TERRACE LEVEL (LEVEL 4)

READY WISCONSIN: Learn how to keep you, your family and your pets safe during severe weather, like tornadoes and floods. Find out how to create an emergency kit and plan for your family. Teachers - stop on by to learn more about the STEP (Student Tools for Emergency Planning) program.

DISCOVERY WORLD: Awaken your inner scientist by exploring cool, weather-related demonstrations and learning about the awesome Summer Camp opportunities that Discovery World offers. Don't forget to visit the Outreach team to make your very own sundial slap bracelet!

WE ENERGIES: Step right up and learn all about electricity and natural gas. View how energy helps you and get tips to stay safe in the event of an emergency.

NATIONAL WEATHER SERVICE:

Come check out our teaching tornado and weather balloon! Ask a National Weather Service meteorologist any question that you may have about weather and learn how to stay safe from hazardous weather!
