TAKE THE BEST
FAN CUTOUT PHOTO

HOW TO TAKE THE BEST FAN CUTOUT PHOTO

1 New photos work best, so pick a space and get ready to smile. Feel free to use your smartphone! No selfies, please.

2 Find a space with good lighting and try to have a solid, one color background. Make sure your shirt color and the background are contrasting colors.

3 For your outfit, make sure you are wearing your Dodger gear! **Dodger Blue is preferable.** We want to see that Dodger Pride.

4 Have a friend or family member take the photo for you standing 3-4 feet directly in front of you and hold the phone vertically.

5 You can hold a glove or ball but remember to keep your hands and arms within your body width. Make sure to face the camera and capture at least your waist up. No raising your hands above your head.

6 Give us your best smile and say, "Let's Go Dodgers!"

PHOTO FILE SPECIFICATIONS

Preferred photo file size is 1512 x 2016 pixel / 21" x 28" (72 dpi) in JPG / PNG format.

The Fan Cutout size is about 18"x 30" and smaller file sizes may cause your cutout image to appear blurry.

We are **unable** to create cutouts that include the following:

- Obscene, lewd, explicit, discriminatory, derogatory, violent, offensive, infringing, or otherwise inappropriate content.
- Commercial advertisements including sponsor names, logos, slogans, websites, and phone numbers.
- Social media handles and hashtags.
- Offensive or negative references to any MLB team.
- Names, images, or likenesses of any MLB players.
- Obscene or offensive language.
- Cutouts cannot be used cheer on an opposing team.
- Statements or endorsements of political candidates.
- Third party logos/branding.

The Los Angeles Dodgers reserve the right to refuse any photos. If your photo is rejected, you will be notified and will need to resubmit your photo.
