**MAKING BASEBALL AND SOFTBALL
MORE ACCESSIBLE - ONE SCHOOL AT A TIME!**

ABOUT

As an organization working through the pandemic, the Giants Community Fund has shifted and reimagined how to expand our free programming to communities that need it the most. Our main goal? To reach youth where they are and to make it as accessible as possible to play ball.

We have brought Junior Giants programming to fields in the summer, to homes in the pandemic, and now - schoolyards during the academic year!

Junior Giants Schools brings our powerful, instruction-based summer model directly to youth via in-school physical education classes and after-school programs.

The program launches in Fall 2021 in select SF, Richmond and Oakland PE and after-school programs, with plans of expanding this upcoming Spring.

Thank you to the **MLB-MLBPA Youth Development Foundation (YDF)** and **NIKE** for helping us bring this program to life.

PROGRAM GOALS

- To reach as many children as possible whose socioeconomic situations often prohibit them from participating in organized sports.
- To teach important lessons in character development and social-emotional learning through the game of baseball and softball.

FALL 2021 LAUNCH

- **SAN FRANCISCO (SFUSD)**
 - (13) PE Programs
- **RICHMOND**
