

COMPADRES KIDS

FATHER'S DAY GLOVE CARD

Supplies:

Baseball glove pattern

Brown & white card stock paper

Glue stick

Scissors

Jumbo wooden craft stick

Photograph

Kids paint markers

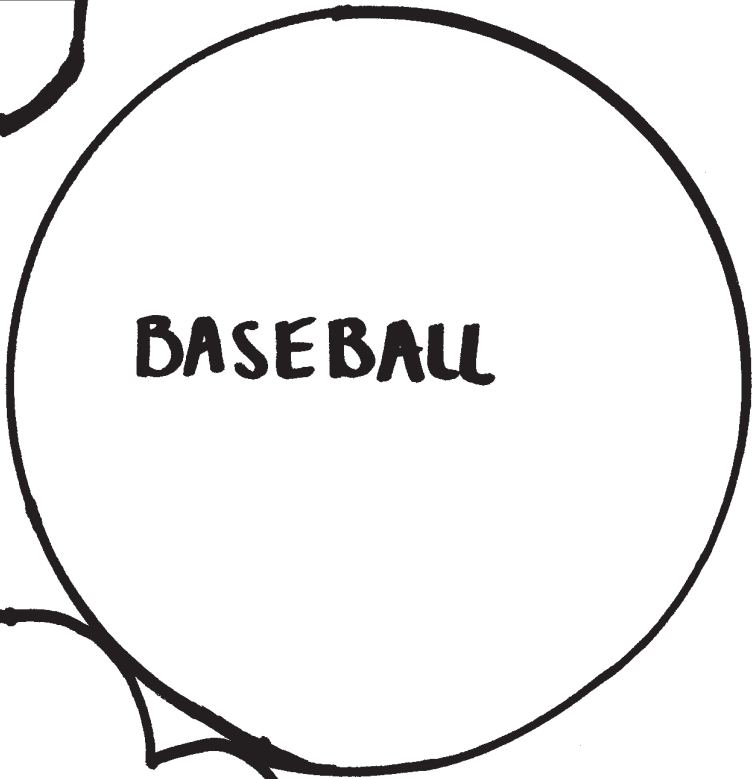

Pencil

Step by Step Instructions:

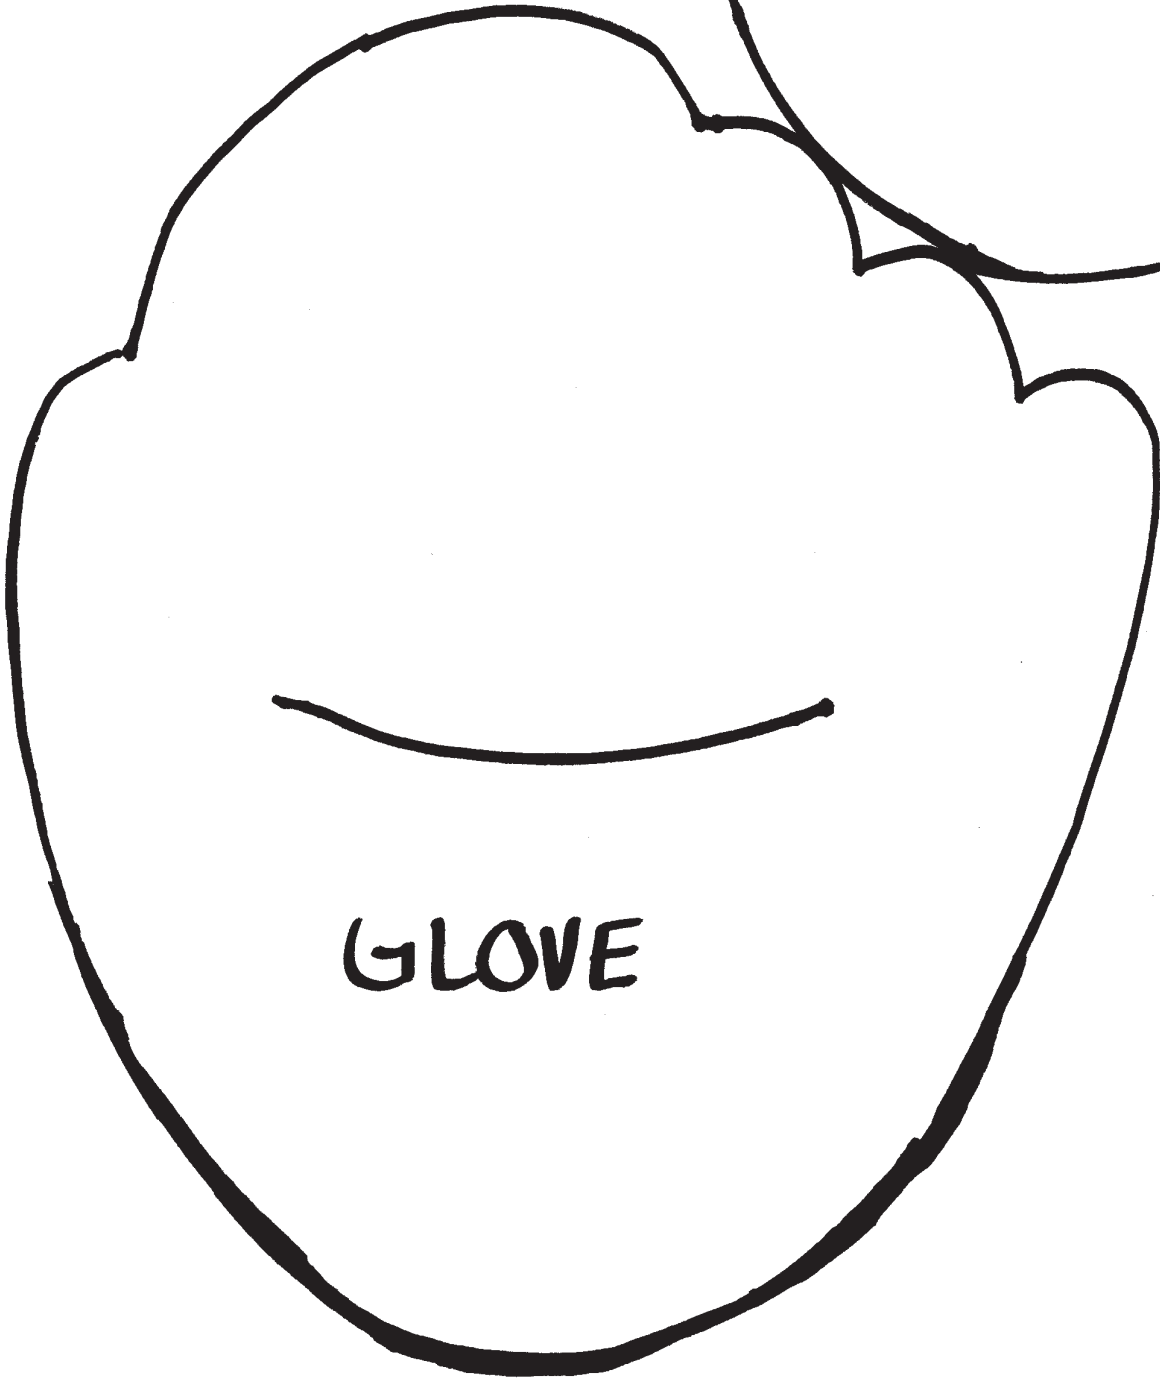

1. Print the baseball glove pattern (on page 2) and cut out the pieces (glove, ball, tab).
2. Trace pattern onto card stock or thick paper and cut out the pieces.
3. Cut a slit in the middle of the glove where you will insert the photo. There is a line on the printable pattern to serve as a guide for placement.
4. Decorate your glove and baseball.
5. Trim a photo to be slightly narrower than the baseball. Glue the top of the photo to the bottom of the baseball. The baseball should overlap about 1/4 - 1/2" of the front of the photo.
6. Glue a jumbo wooden craft stick to the back of the photo and baseball, leaving about 2 inches of the stick out.
7. Slide photo into the slit you cut in the baseball glove. Flip card over and glue the stopper tab to the bottom edges of the back of the photo. This will keep the photo from falling out of the card.
8. Flip card back over and finish decorating the front with your custom message.
9. Use the craft stick to push the baseball up and reveal your child's photo below. Dad will love this thoughtful surprise!
