

Pirates Charities Action Math Baseball Application: 2020 Season

Program Overview: Pirates Charities has offered the Action Math Baseball (formerly Fantasy Baseball Math) program to organizations in our region since 2011. This integrated math curriculum is used to teach math to students in grades four through eight, and is also adaptable for older students. It is used in both in-school and after-school settings. Action Math Baseball is aligned with Pennsylvania State Exams in the areas of mathematics, reading and physical education, and promotes higher order science, technology, engineering and math skills (STEM), in preparation for math-based careers.

Pirates Charities is pleased to offer the opportunity to apply for this program for the 2020 season to eligible non-profit organizations and schools in the Pittsburgh region. If your organization is selected as an Action Math Baseball participant, Pirates Charities will provide the following benefits:

- P Participation, free of charge, in a teacher training workshop for all teachers and supervisors involved in the program
- P Use of Action Math Baseball's browser-based online version
- P Pittsburgh Pirates branded player wheel cards
- P Participation in the Pittsburgh Regional Action Math Baseball World Series, a tournament among local participating organizations' Action Math Baseball teams that determines a regional champion
- P The opportunity to benefit from Pirates incentives for students as available throughout the year

Eligibility: In order to participate in the Pirates Charities Action Math Baseball program, organizations must meet the following requirements:

- P Registered 501(c)(3) nonprofit organization or public or private school within the Pittsburgh Pirates market area
- P Non-profit or school must have been in operation for one full year prior to date of application
- P Student population served should range from grades four to ten
- P Each participating organization must elect a Program Coordinator to maintain data for his or her site's participating classrooms. Coordinator is required to serve as point of contact for the World Series in May
- P Must have an adequate number of certified teachers or experts in the field of education/tutoring, to serve the number of students participating in the program
- P Organization must submit a follow-up report no later than three months following the completion of the program, including anecdotal outcomes and final participation numbers by school, site and total number of student participants.

Program timeline:

School/Site Name and address	Teacher/site supervisor name(s)	# of participating classrooms	# of participating students (total)

Pirates Charities Action Math Baseball Application: 2020 Season

Action Math Baseball Request

Please fill out the form below to request Action Math Baseball online licenses for the number of teachers and students who you would like to participate in the Action Math Baseball program through your organization. Schools will still receive Pirates player cards, but all other materials will be electronic and printable for use at the World Series.

Note that requests will be reviewed based upon availability and application does not guarantee acceptance. Please help Pirates Charities make this program available to as many students as possible by limiting your request to the actual number of licenses that your organization will needs and use.

Item	Quantity
Action Math Baseball Online Licenses Please request based upon total number of students who will be using the program at your school or site	

Pirates giveaway request

The Pirates are pleased to provide giveaway items for your organization's use throughout the program (i.e. Pirates branded promotional items). For planning purposes, please enter an amount of giveaway items that your organization would be able to use for this program (should correspond to number of participating students):
