

# LINES AND DOTS GAME

Follow the instructions below to to play.

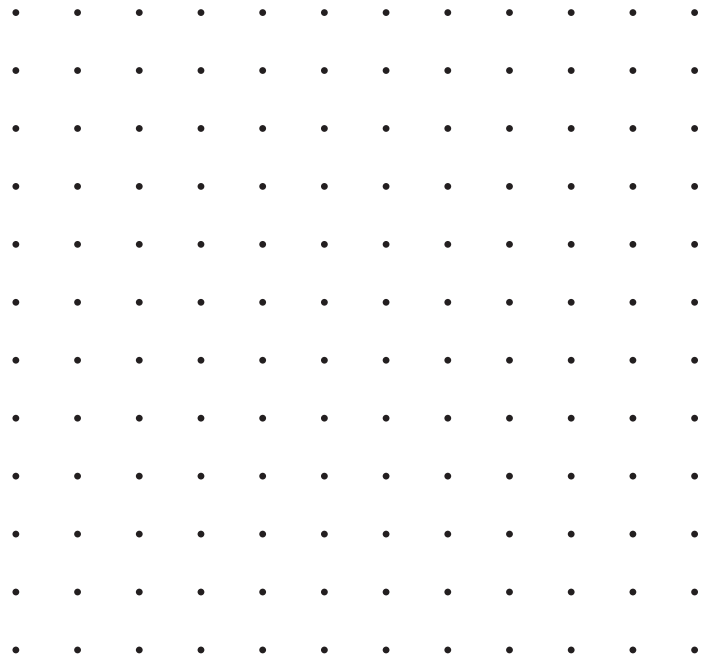

First grab 2 pencils (or pens) and a friend to play with. Take turns drawing horizontal or vertical lines between two dots. Whichever player completes the fourth side of the box (square) puts their initial in the box and earns a point. After completing a box the player takes another turn. The game ends when no more lines can be placed. Whoever has the most boxes at the end of the game wins!
