

February 5, 2024

City of St. Petersburg
175 5th St N
St. Petersburg, FL 33701

To whom it may concern,

As a proud partner of the Tampa Bay Rays, Boys & Girls Clubs of the Suncoast is honored to support their proposed expansion efforts in the Historic Plant Gas District. They have continued to be a tremendous asset to the entire community, that benefits our local children and families. Their expansion and redevelopment would create much needed resources and opportunities to those who would otherwise go without. One behalf of Boys & Girls Clubs of the Suncoast, I strongly support this important redevelopment opportunity.

Please feel free to contact me at anytime to discuss our support further.

Sincerely,

Freddy Williams
President & CEO
