

Good morning Cynthia, My name is Nick Vojnovic and I am the President of Little Greek Fresh Grill and a Pinellas County resident. We have 18 family owned Greek restaurants in the Tampa Bay area including one near the stadium. I would like to share my thoughts of how important it is to keep the Rays in St Pete. Over the 25 years I have lived in the area the city we have been fortunate to experience great progress and growth. Keeping the Rays and redeveloping the area would be a home run for the city as well as community. The multi use plans I have seen would truly transform St Pete in a positive way. I am on the Board (and a big) for the Big Brother Big Sister non profit and have seen first hand how the Rays positively give back to the community. Please encourage the commission to proceed with the Rays redevelopment plan.

Nick Vojnovic
