Rules, Recommendations, and Information

Is your dog right for Bark in the Park?

Yes, if your dog:

- Is not overly aggressive toward other dogs or unreliable in crowds.
- Does well on-leash and wears required ID tags.
- Is old enough (at least 4 months of age) to be around other dogs and people.
- Is friendly toward humans and not excessively fearful.
- Is up-to-date on all required vaccinations, including Rabies, DHLPP, Parvo, and Bordetella.
- Is spayed or neutered.
- Is in relatively good health and can walk up and down several flights of stairs.
- Is a Reds fan!

No, if your dog:

- Has aggressive tendencies towards other dogs or humans.
- Does not do well while on-leash.
- Is still too young (under 4 months of age) to mix with a big crowd.
- Is a senior dog and would have trouble navigating stairs and/or being outside for an extended period of time.
- Is in heat.
- Is exhibiting any signs of illness close to the day of the game (cough, nasal discharge, lethargy, diarrhea). These symptoms can be signs of potentially infectious diseases and it would be best for your dog and all other dogs in attendance if they did not attend.

Only one dog per adult. Be courteous and responsible – please pick up after your dog.

Older dogs, dogs with short muzzles and/or dogs that are prone to heat exhaustion should plan accordingly for the game. Even though there will be cool water and shady spots throughout the ballpark, the direct sun and heat can be a deadly combination for dogs. Dogs cool themselves down by panting and are not nearly as efficient as humans. Please keep the comfort and safety of your dog in the forefront of your mind when planning for a fun day at the ballpark.
