Every year the Detroit Tigers celebrate ¡Fiesta Tigres!, a celebration to recognize and honor the contributions of Latino players and coaches to the game of baseball.

As part of the celebration, Comerica Park is decorated with flags representing all of the Latin American Countries represented in the MLB.

On the day of the event, there is live entertainment on the concourse from various Latin American bands. On the field, there is a special pregame ceremony in which local dance groups perform Mexican folkloric dances, and there is a ceremony recognizing current Latin American Tigers players and coaches. As part of the on-field celebration, the Tigers recognize a Latin American former player in a pregame ceremony for their contribution to baseball and the Detroit community as the Fiesta Tigres Honoree.

In addition to all of the pregame celebrations, the Detroit Tigers players wear their special Alternate “Tigres” jerseys.
